The Honorable Kay Granger  
Chair  
House Committee on Appropriations  
H-307 The Capitol  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, DC 20515

Dear Chair Granger and Ranking Member DeLauro,

I am requesting funding for the Frederick Minor Home Repair project in fiscal year 2024.

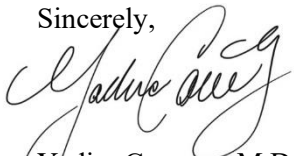

The entity to receive funding for this project is the Town of Frederick, located at 401 Locust Street, Frederick, CO 80530. The funding would be used to repair homes and weatherize homes for vulnerable populations in Frederick, Colorado. Funding would be used to assist in building ADA ramps on homes as well as other minor home repairs and weatherization types of projects up to an including window replacement, insulation, heating, venting and cooling.

The project is an appropriate use of taxpayer funds because it would target areas qualifying census tracts in the community that meet the HUD definition of low-moderate income which largely include the core, historic portions of Frederick. Funding for this program would be targeted towards seniors in the community as well as those living on a fixed income in low-moderate incomes. To date, Frederick does not have such a program in place.

The project has a Federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Yadira Caraveo, M.D.  
Member of Congress
